Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant presented proposed amended claims 1,12,34,38. Applicant amended claims 12 and 34 to place them in condition for allowance. Regarding claim 38, Applicant discussed that Kreuzer does not show the second moduled pivoting about an axis extending substantially parallel to the direction of movement of the workpieces and about an axis extending substantially perpendicular to the direction of movement of the workpiece along the handling line. The Examiner agreed. Regarding claim 1, the Examiner recommended only claiming the embodiment of figure 5 which was elected without traverse in the restriction requirement filed 4/27/2006. Agreement was not reached with respect to claim 1 .
